

A-FRAMES

METAL A-FRAMES WITH CORFLUTE PRINTS

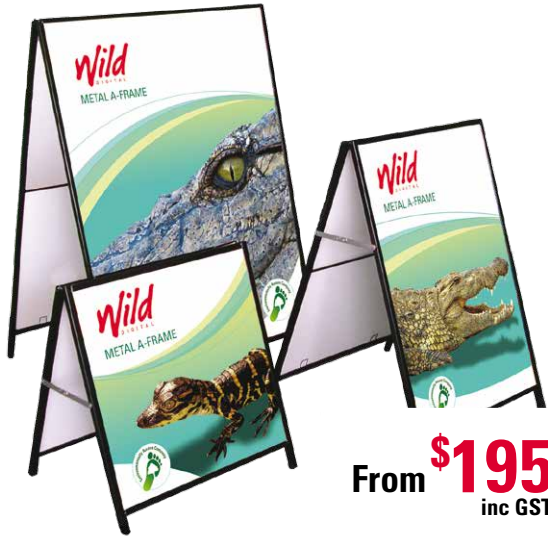

A robust frame, portable design and easily replaceable graphics are just some of the features of this hugely popular display solution. Utilising our full colour, direct digital print process on both sides of the A-Frame ensures that your graphics look outstanding and are extremely cost effective and weatherproof.

Comes complete with carry handles and folds flat for easy storage.

Blackboard inserts also available.

FOLDED CORFLUTE A-FRAMES

An affordable alternative for short term solutions these A-Frames are made entirely from one piece of printed folded corflute.

METAL A-FRAME

Setup Requirements

- The artwork must be supplied as an InDesign, Illustrator, or Photoshop file. High resolution pdf files are also acceptable.
- PDF files must be saved with bleed but WITHOUT crops.
- Scans must be at least 100dpi at final print size.
- All files must be CMYK colour.
- Files can be supplied via email or on CD-Rom or DVD.
- Bleed of 2mm at final print size is required.
- We have a full range of templates available on our website to make setup easy.

Note: The purchase of an A-Frame includes 2 direct digital prints (one for each side of the A-Frame).

You can choose whether you would like to get the same graphic printed twice, or whether you would like to provide us with 2 graphics following our specifications.
