

## FLAGS

Flags offer a great opportunity to draw attention to your business at indoor and outdoor events.

They can be either single-sided or double-sided. Double-sided flags are printed on single layers of fabric with a blockout layer in-between so the flag reads the right way on both sides.

Flags are lightweight, portable, and easy to assemble. They come complete with rods, a carry bag and graphics.

Replacement graphics are available to update your existing flags, and flag bases are also available for purchase.

### SPECIFICATIONS

**Shapes:** Available in 2 different shapes, *Teardrop* and *Feather*
